

IceMen Maniacs Booster Club - Full Membership Meeting

12/19/2015

Corner Club - Ford Center

Meeting

Commenced: 4:12 PM

Adjourned: 4:34 PM

Members Present: 10

Meeting presided over by Anita Ice

New Business

* Anita wanted to clarify how questions from general membership are handled. Most questions come from new members and can be easily answered from previous experiences. When new situations arise, decisions are made by the board, not one or two individuals. She would rather not give you an immediate answer than give you a wrong answer. At times, an immediate answer to a question may not be available if that decision involves the team or other sources.

* Clarification was also made regarding the Facebook group used by the club, **Evansville IceMen Maniacs Booster Club**. This is a private group for active club members and is to be used for discussions pertaining to booster club business. It has recently been confused with the Maniacs Asylum, which is a group pertaining to IceMen hockey in general. The Maniacs Asylum is not administered by the booster club.

* Team dinner on 12/11 was a success! Our goal is to do this 2-3 more times this year.

* Anita will talk with Mike Fisher about future meetings being held at Corner Club.

Old Business

* Cowbell sales still down significantly. Decision on fundraising options will be made once we know the status of Ford Center contract with team. Suggestions were Chuck-A-Puck, jersey auction, and yard sale of used apartment items.
